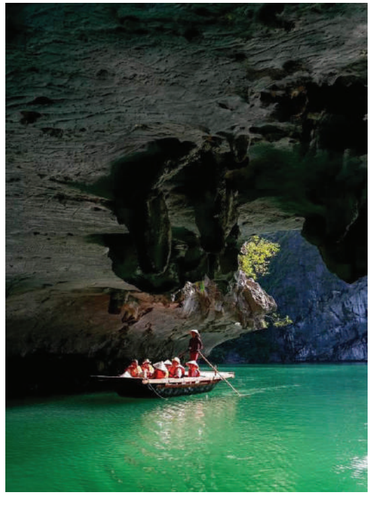
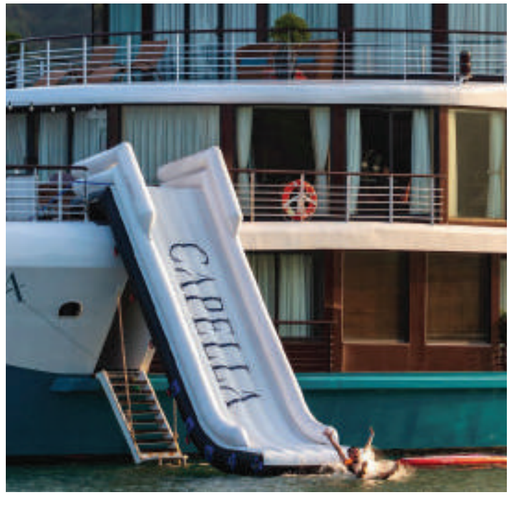
ONE-NIGHT VOYAGE

Embrace leisure in all its forms

Embark on a journey that moves easily between relaxation and recreation, surrounded by the breathtaking landscapes of Ha Long Bay and Lan Ha Bay. Take a leisurely swim in the all-season Oasis Pool, relax in the Jacuzzi or feel the exhilaration of a ride down the signature waterslide. Savour beautifully presented cuisine, retreat to the privacy of your suite and unwind as evening light shifts across the water. Beyond the ship, glide by bamboo boat through an ancient water cave, passing beneath limestone arches into a tranquil lagoon.



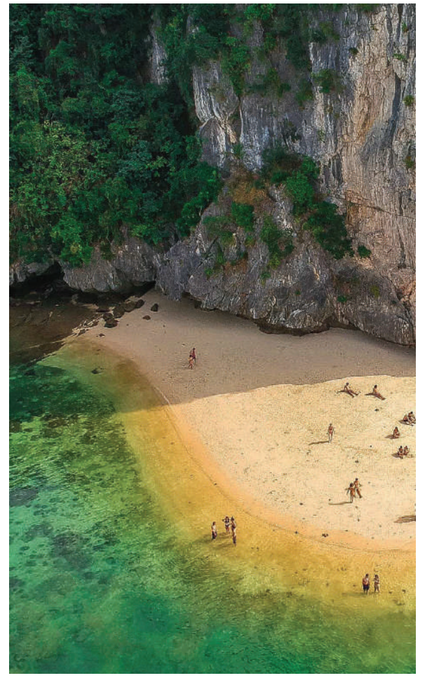


TWO-NIGHT VOYAGE

A Deeper Exploration Beyond the Horizon

With a second night comes the freedom to venture farther. Visit a traditional village and gain a closer understanding of local life. On board, the connection continues through a Vietnamese tea ceremony.

The extended journey reaches secluded coves and quieter waters, with more time for kayaking, swimming and exploration away from the ship. Back on board, recreation, dining and moments of stillness unfold at an unhurried pace, revealing more of the landscapes and living culture of Ha Long Bay and Lan Ha Bay.



THREE-NIGHT VOYAGE

The bay in its fullest expression

Venture deeper into Ha Long Bay and Lan Ha Bay, where limestone cliffs rise from open water and ancient chambers lie hidden beneath the rock. A three-night voyage brings time to explore a vast stalactite cave, shaped over millennia by water and stone, before returning to the quiet rhythm of life on board. Between discovery and stillness, days unfold at an unhurried pace, surrounded by the bay's ever-changing landscapes.
